Our day begins with an exclusive pre-opening visit to the Great Sphinx, experiencing a stunning sunrise, meditation, and enclosure exploration. We delve into Sphinx mysteries, showcasing evidence for John Anthony West's water erosion theory. The Valley Temple's precision-fit stone blocks and evidence for lost chapters in our history books will be revealed. Post-breakfast, we further explore the Giza Pyramids Plateau, unraveling Ancient Egypt's history and enigmas.

SUNDAY, SEPTEMBER 14TH

DAY 3: SAQQARA; DJOSER STEP PYRAMID COMPLEX, PYRAMID OF UNAS, SERAPEUM + DAHSHUR; RED PYRAMID, BENT PYRAMID

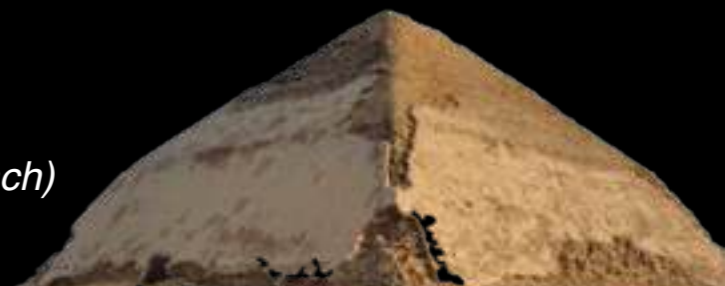

After breakfast, we journey to Saqqara to explore noble tombs and witness the architectural brilliance of Imhotep, creator of the Step Pyramid for King Djoser. This oldest freestanding stone pyramid boasts six tiers atop a mastaba base, adorned with cut stone.

Our Saqqara visit includes the enigmatic Serapeum. Though traditionally associated with Apis bull burials tied to Ptah, we'll scrutinize evidence for alternative high-tech purposes.

Continuing to Dahshur, previously inaccessible for decades, we'll see the recently reopened Bent Pyramid at Dahshur also houses the Black, White, and Red Pyramids.

MONDAY, SEPTEMBER 15TH

# DAY 4: FLY TO LUXOR; LUXOR MUSEUM + LUXOR TEMPLE OF MAN

*After breakfast, we fly to Luxor. Upon arrival, we explore the impressive Luxor museum, regarded by John Anthony West as a significant discovery in Egyptology.*

*In the evening, under starlit skies, we visit Luxor Temple, linked to R.A. Schwaller de Lubicz's "Temple of Man" symbolist theory. An enlightening encounter with Sacred Science awaits.*

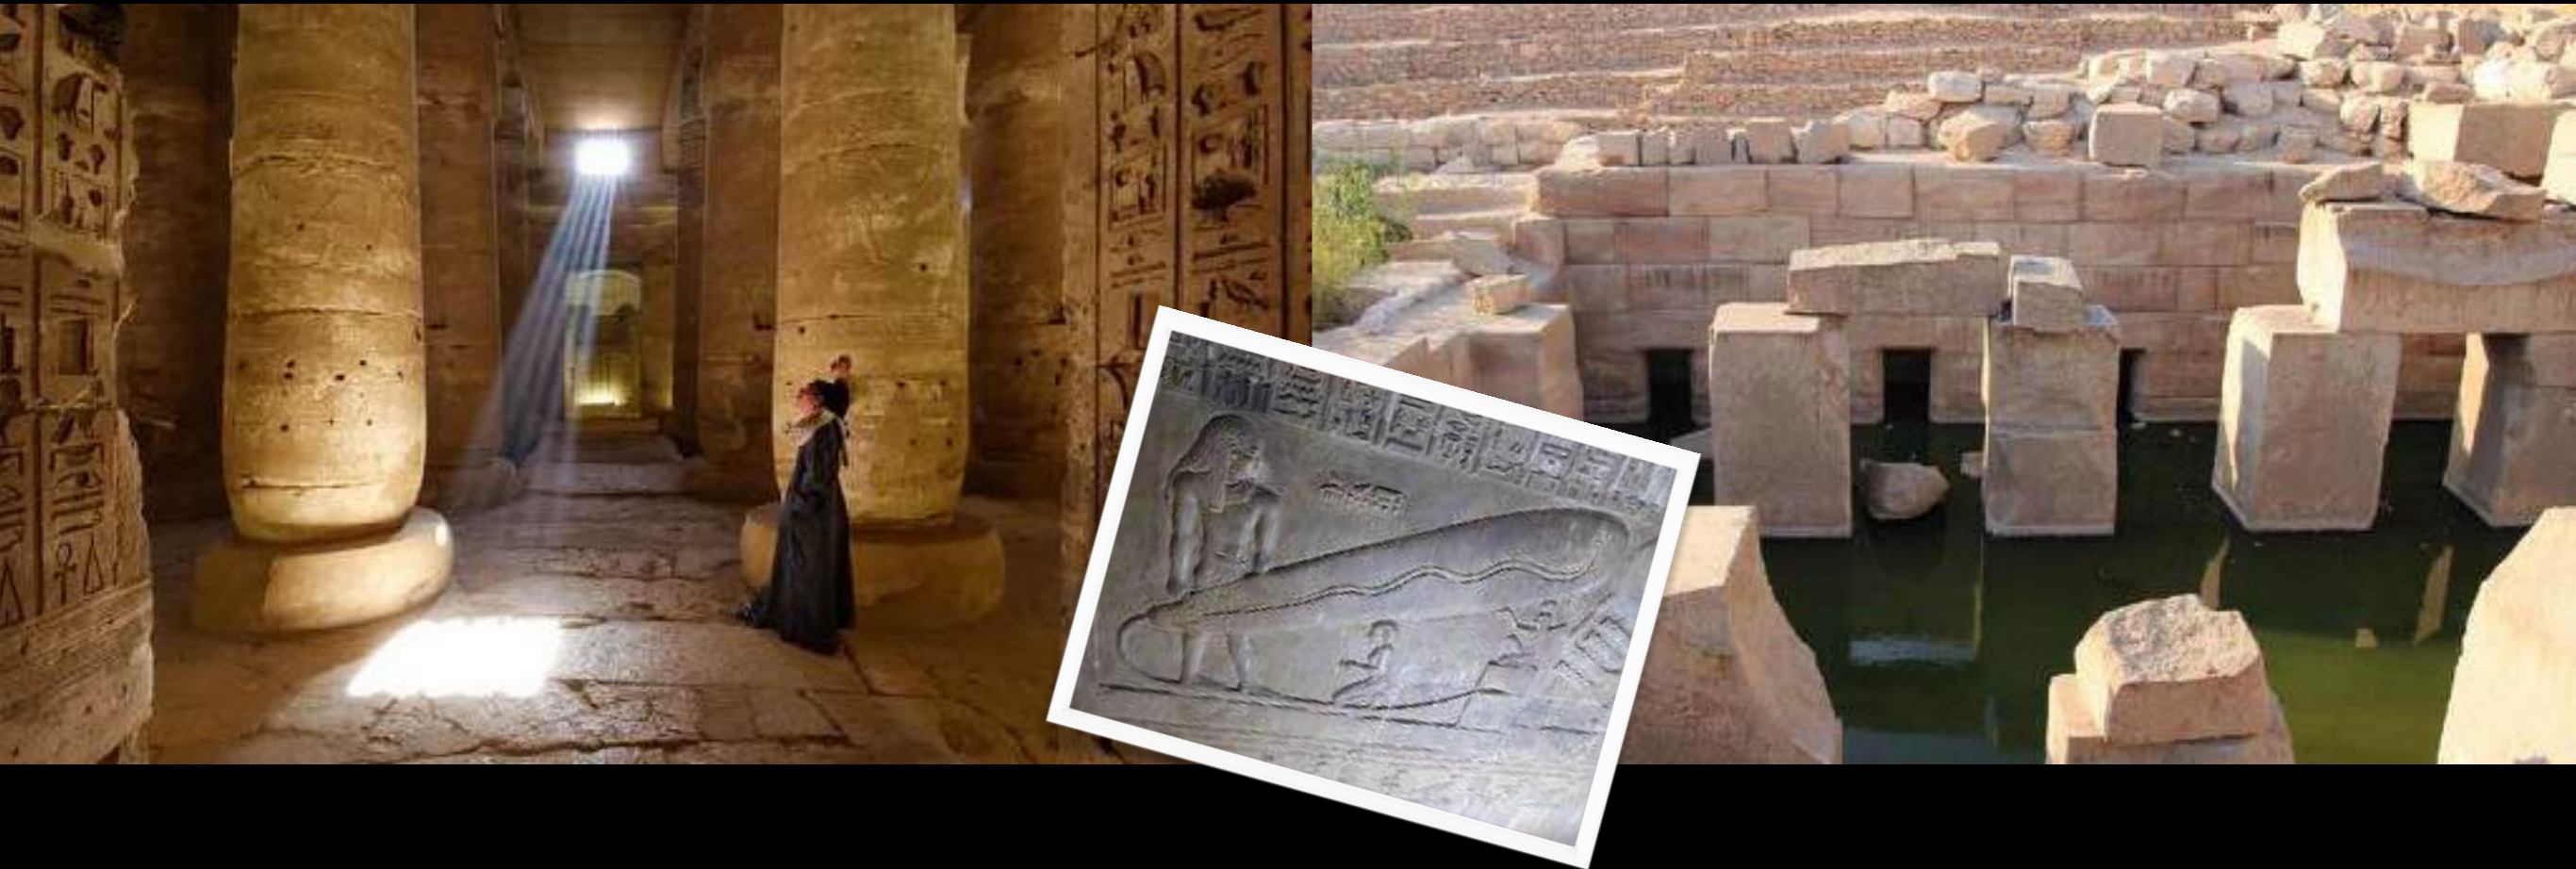

**Overnight:** [Sonesta St. George Luxor Hotel](#) - (Breakfast)

TUESDAY, SEPTEMBER 16TH

# DAY 5: ABYDOS; TEMPLE OF SETI I & THE OSIRION + DENDERA TEMPLE OF HATHOR

After a delightful breakfast, we drive through Upper Egypt's countryside to Abydos. Seti I's Osiris temple awaits, offering a lesson on esoteric symbolism.

The colossal stone pillars of the Osireion, embellished with the "Flower of Life," lie behind the temple. Many consider it to be evidence for the Lost Civilization Theory, but we'll take a closer look!

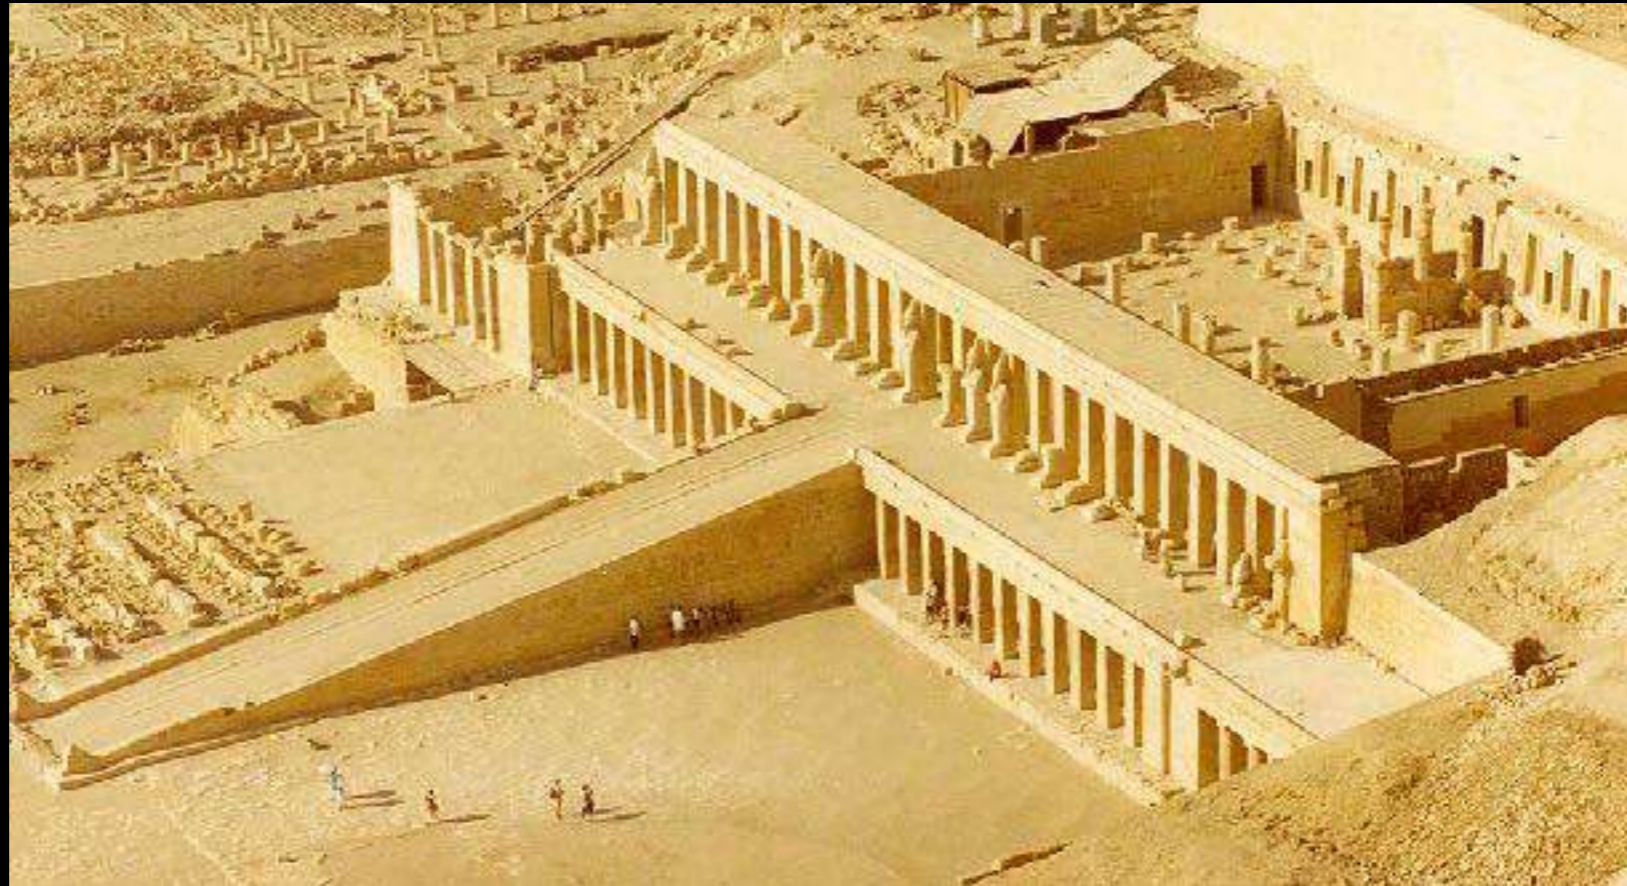

Next, the Ptolemaic-era Dendera "Temple of Hathor" reveals the effects of time on Egypt. Dedicated to the Cosmic Feminine, Hathor, it displays a shift from New Kingdom artistry's elegance to later deterioration. This decline becomes an intriguing lesson, seen through various examples across Egypt.

**Overnight:** [Sonesta St. George Luxor Hotel](#) - (Breakfast, lunch)

WEDNESDAY, SEPTEMBER 17TH

**DAY 6: WEST BANK: HATSHEPSUT TEMPLE, VALLEY OF THE KINGS, THE RAMESSEUM, COLOSSI OF MEMNON & MORE! - NILE CRUISE**

The West Bank holds New Kingdom funerary complexes, including the Valley of the Kings, where pharaohs were interred, and well-preserved Noble tombs distinct from Saqqara's style. This day centers on discussing Egypt's intricate funeral beliefs, merging the Horus path and reincarnation doctrines.

We explore Queen Hatshepsut's Temple of Deir El Bahari, noted for its modern appearance to ancient eyes. After exploring tombs in the Valley of the Kings, we also encounter the impressive Colossi of Memnon, monumental statues of Amenhotep III.

**Overnight: [Farah Luxury Nile Cruise](#) - (Breakfast, Lunch, Dinner)**

THURSDAY, SEPTEMBER 18TH

# DAY 7: KARNAK TEMPLE - NILE CRUISE

Early visit to expansive Karnak Temple, consecrated to the organic principle of creation honoring Amun as the life-bestower. Each aspect of the Luxor temple represents a stage in cosmology, stages of universe genesis. Joyous processions linked Luxor Temple to Karnak mimicking creation itself via a form of conscious magic. Though we lack this magic today, the temple offers us a glimpse into a past civilization.

Private meditation in a secluded Sekhmet Shrine follows, with the fierce yet nurturing fire principle embodiment. Sekhmet embodies solar nourishment, possessing both hurtful and healing power.

Exiting Karnak, we're awed, humbled, exhilarated, eagerly anticipating a late breakfast.

**Overnight:** [Farah Luxury Nile Cruise](#) - (Breakfast, Lunch, Dinner)

FRIDAY, SEPTEMBER 19TH

# DAY 8: EDFU TEMPLE OF HORUS + KOM COMBO - NILE CRUISE

Edfu Temple of Horus, “the Falcon God”, is one best preserved temples of the ancient world, consecrated to Horus of Behdet; that is, Horus in his specific role of avenger of the murder of his father, Osiris. There are many intriguing and important esoteric lessons to convey.

Kom Ombo is consecrated to the duo of Sobek, the crocodile neter (Death as a cosmic function) and Horus, the Elder (Return to the Source as a cosmic function). Beautifully sited on a bend of the Nile, but now photogenically ruinous, Kom Ombo was in its day a healing temple, hospital, and place for initiations to be conferred.

**Overnight: [Farah Luxury Nile Cruise](#) - (Breakfast, Lunch, Dinner)**

SATURDAY, SEPTEMBER 20TH

## DAY 9: ASWAN QUARRY; UNFINISHED OBELISK + PHIAL TEMPLE OF ISIS - NILE CRUISE

We inspect the **Unfinished Obelisk** at granite quarries, where a colossal 1200-ton granite block remained partially carved. This showcases astonishing Egyptian technology, achieved with simple tools. Mysteries endure amid various quarrying techniques from different eras.

Then, we proceed to **Philae Temple**, devoted to Isis (Auset), linked to the revered star Sirius. Isis, associated with the throne and Mother of Horus, influenced the Christian transformation into the Virgin Mary. Philae, situated on a Nile island, radiates feminine beauty despite Ptolemaic relief and defacement. Here, the transition from ancient Egyptian Immortality doctrine to Christianity unfolds.

**Overnight:** [Farah Luxury Nile Cruise](#) - (Breakfast, Lunch, Dinner)

SUNDAY, SEPTEMBER 21ST

# DAY 10: FLY TO CAIRO

Fly to Cairo and check-in at the hotel.

The rest of the day I free to relax and enjoy.

Explore the spa or take a refreshing dip in the pool by the Pyramids.

Overnight: Overnight: [Cairo Pyramids - Steigenberger -Hotel](#) - (Breakfast).

MONDAY, SEPTEMBER 22ND (EQUINOX)

## DAY 11: MUSEUM, PRIVATE VISIT INSIDE THE GREAT PYRAMID, FAREWELL DINNER PARTY

The **Cairo Museum**, constructed in 1907 with an ill-conceived design, houses unlit, poorly labeled, and unmatched masterpieces, resembling an overstuffed art nouveau warehouse. Despite its shortcomings, the experience of discovering artworks feels personal. The museum's layout traces Egypt's history from Pre-Dynastic to Rome's demise.

The tour concludes with an **exclusive VIP visit** inside the **Great Pyramid**, granting special access to all chambers. The private session within the King's chamber proves deeply moving and transformative for most, leaving few unmoved.

*Overnight: Overnight: [Cairo Pyramids - Steigenberger -Hotel](#)- (Breakfast, Farewell Dinner)*

TUESDAY, SEPTEMBER 23RD

Our local representative will transfer you from hotel to the Cairo International Airport in time for your international flight.

Goodbye, Egypt! — though if past experience is any indicator, for many it's only a goodbye for now!
